FAQs

HOW MUCH SPACE WILL MY STOVE NEED?

With all our freestanding units, it is safe to install them with a clearance of 2" (50mm) either side to non-combustible material. However, for optimum performance and heat output, we recommend a clearance of 6" (150mm). Behind the stove, there should be a minimum clearance of 2" (50mm), however we recommend 4" (100mm) for optimum performance.

WHAT IS A NOMINAL HEAT OUTPUT?

The nominal output is the output achieved under specific test conditions by the independent test laboratory. The stoves tend to be operated with the air controls set at less than maximum and with relatively modest loads. We recognise that end users are unlikely to operate the stoves in this way and therefore we carry out internal testing to suggest a reasonable heat output range that the end user should achieve without over-firing the unit.

aspect *options*

PLINTH

You can choose to have your Aspect stove fitted on a log plinth, which raises it up off the floor and provides a handy place to store your wood.

STOVE	HEIGHT	DEPTH	WIDTH
ASPECT 4 COMPACT	225	307	400
ASPECT 4	150/225	357	400
ASPECT 5 COMPACT	225	312	494
ASPECT 5	150/225	362	494
ASPECT 6	225	405	557
ASPECT 7	225	364	579
ASPECT 8	225	405	617
ASPECT 14	225	539	667
ASPECT 14B	225	539	667

BENCH

The stoves in the Aspect range have the option of being fitted on a bench. There is a choice of two lengths, 800mm and 1,195mm long. Both are at a height of 345mm and a depth of 415mm. Stoves fitted on benches can be installed on a 12mm hearth when freestanding.

DIRECT AIR

All of our Aspect stoves come with the option of a direct air kit. This will allow a room sealed installation.

INTERCHANGEABLE FLUE OUTLETS

All the Aspect range and gas models can be flued from either the top or the rear of the stove.

PARKRAY GAS *options*

GAS TYPE

With all our Parkray gas stoves, you have a choice between natural gas (I2H) or LPG (I3P).

FUEL EFFECT

4kW gas stoves in the Parkray range are available with a realistic log effect kit.

HANDLE

The Aspect 4G, 7G and the Consort 5G comes with a choice of either a black chrome or stainless-steel handle. The Consort 7G is available with a traditional black handle.

With the 6kW stoves, you can choose between a log or coal effect, whatever suits your tastes best.

CONTROL

Each Parkray gas stove comes available with a hand-held digital display remote control.

This handset can switch the stove on and off, and comes with seven flame picture settings. In the case of a misplaced remote control, the manual control allows continued operation of the stove. Plus, a handy pager system will audibly locate your remote device.
